7 Herb Formula helps battle cancer

The amazing story of Jim Givens is documented. The outlook for Mr. Givens was bleak and he turned to Daniel Chapter One to help him through his battle with cancer. For the results, read the story below.

Jim Givens of Middletown, R.I., has dedicated himself to saving others who get in harm's way. Among his patented inventions is the Givens Life Raft ~ uniquely designed to remain stable in the most severe conditions and credited with saving hundreds of lives.

Last September, and for the third time in recent years, a tumor was detected in Jim's prostate. The prognosis was bleak.

A survivor by nature, Jim was determined to beat the growth that was threatening his life.

The survival instinct of the Korean War veteran kicked in. After he overcame the second bout of prostate cancer, he admittedly stopped taking the Daniel Chapter One products which had successfully helped to combat his previous tumor.

The Korean War vet quickly

swung into action ~ meeting with his longtime friend Jim Feijo, founder of Daniel Chapter One, at the Rhode Island center.

Jim Givens was suffering from rectal bleeding and pain. He revealed to Jim Feijo that he was using chips of ice to ease the flow of rectal bleeding.

This is a portion of the report ~ dated Oct. 17, 1997 ~ of the Department of Diagnostic Imaging at a hospital in Providence, R.I. :

"The patient is status post prostatectomy with multiple surgical clips present in the pelvis. There has been interval development of a 2.5 cm AP x 3.5 cm transverse x 4.5 cm CC soft tissue mass in the rectovesical space on the left which causes extrinsic compression on the posterior wall of the bladder and may actually invade the bladder. There also may be involvement of the anterior wall of the rectum."

It goes on: "IMPRESSION: INTERVAL DEVELOPMENT OF THE 4.5 cm SOFT TISSUE DENSITY IN THE RECTOVESICAL SPACE ON THE LEFT SUSPICIOUS FOR LO-

CAL RECURRENCE OF PROSTATE CARCINOMA.

"THERE MAY BE ASSOCIATED INVOLVEMENT OF THE POSTERIOR WALL OF THE BLADDER AND THE ANTERIOR WALL OF THE RECTUM."

The report was devastating. So Jim Givens asked his friend of many years if taking a whole bottle of 7 Herb Formula would hurt him and Jim Feijo replied that "NOT TAKING" 7 Herb would hurt him.

Jim Givens' physician is one of New England's leading oncologists but Jim ~ who when parachuting into combat over Korea had his chute fail to open and fell 500 feet before a comrade caught him and carried him safely to the ground ~ saw the need for alternative help if he was to win this battle for his life.

Jim Givens was determined to win this personal war as much for himself as for his three children, ages 14, 18 and 20 years, who need him.

A single father, Jim began taking the 7 Herb and shark cartilage. He continued on a hormone.

Doctors gave up on Michigan man

When Jim Feijo greeted Richard Nelson, a talk show caller from East Grand Rapids, Mich., with “How are you doing Richard,” he received this short reply: “Lots better now.” There was more.

The caller went on to explain his situation. He is living proof that doctors may be wrong in surrendering to defeat in life and death situations.

Richard went into the hospital for treatment of a hernia and doctors broke the shocking news to him ~ melanoma. The outcome prediction was grim.

It was in August of 1997 when Richard’s cancer was discovered and he was soon undergoing chemotherapy.

Even with treatment, he was told he would only have nine months to live.

An angel he says, in the form of his brother-in-law, told him he had heard Daniel Chap-

ter One **HealthWatch** and listened to Jim and **Tricia** Feijo talk about the success of 7 Herb Formula in helping people with cancer.

“My brother-in-law asked me if he bought me the 7 Herb, would I take it and I assured him I would,” Richard said on the coast-to-coast broadcast that was originating from Las Vegas, Nev.

Richard reveals: “I had lost my faith. After my fourth treatment with chemo, the cancer masses stayed constant. I started taking the 7 Herb and that tumor was shrinking. At the last treatment, I was told the tumors had liquid centers and were on the verge of drying up. Then I had a CAT scan and it was found that there has been massive tumor shrinkage.”

Jim Feijo called the Richard Nelson story a great example of how people can come to the rescue of others.

7 Herb helps fight cancer

continued from page 1

He sat himself down and drank an entire 32-ounce bottle of 7 Herb in less than an hour.

This was war and Jim is not one to surrender without a good fight.

The inventor said that as he drank the 7 Herb Formula, he experienced a strong burning sensation in the area of the tumor.

He went to bed that night. The burning persisted.

Eventually the burning sensation passed and Jim felt something had happened. He went to a physician at a hospital in Newport, R.I., and the results are documented.

Within 60 days, Jim **Givens'** PSA level dropped from 256 to 5. X-rays were taken and he brought them to the oncologist in Providence. The report on Dec. 17, 1997, based on diagnostic imaging at Newport Hospital, included the following impression:

“1. Status post prostatectomy with no evi-

dence for metastatic disease.”

“2. Probable right renal cyst.”

On Dec. 22, 1997, the attending physician wrote the following subsequent to an examination.

“No evidence of ulcer or tumor.”

Jim Givens took the reports, along with X-rays, to the renowned oncologist in Providence.

The doctor looked bewildered, Jim Givens said, and repeated the oncologist’s words that still echo in the ears of the former soldier. The doctor told him, “Your tumor is gone.”

Jim Givens said he feels like the proverbial cat with nine lives and he credits Daniel Chapter One and his old friend Jim Feijo with helping him beat his battles with prostate cancer.

He reports he is feeling great these days and is back on the job saving other people’s lives. Jim Givens continues taking his 7 Herb and doesn’t plan to stop this time around.

Lump is gone without dangerous surgery

Joe Rocha, a custodian at Roger Williams University in Rhode Island, was outside washing windows about two years ago when a stiff breeze blew in from Mount Hope Bay. Shortly after, the career Navy veteran complained of severe pain on the right side of his face.

He suspected neuralgia and then thought the pain was from a tooth.

He went to his dentist and the problem was not his tooth. It was serious.

Joe Rocha then went to a family friend, a physician, who thought the problem was something worse than neuralgia and he was right. There was a swelling of the neck and a lump was detected.

He underwent a series of tests and a tumor was found.

The prognosis sent fear through the Rocha family. Because of the location of the tumor, Joe Rocha was told that surgery could result in serious consequences.

Joe's wife, Maria, said she was terrified of the prospects of the operation. Her husband's doctor was preparing his team of surgeons and nurses to perform the tricky operation in a Fall River, Mass., hospital.

There was little comfort from the doctor who admitted to the Rochas that the tumor was in such a **difficult** place the operation itself could result in a heart attack, a stroke and possible paralysis on one side.

Mrs. Rocha insisted her husband see their former neighbors and longtime friends, Jim and Tricia Feijo before undergoing surgery.

It was the second time the Rochas turned to the Feijos for lifesaving advice. "Jim and Tricia saved my life when doctors said I would die **from candidiasis**. Thanks to the Feijos I'm here and well. I thought they could help Joe."

Joe began taking herbs and shark cartilage.

Mrs. Rocha, a lay minister, put her faith in Cod. The Rochas and their two daughters prayed that the operation could be avoided.

Mrs. Rocha thought she detected the tumor getting smaller over a six-week period.

It was just a few days before Joe was about to undergo surgery that the couple met with the physician at a clinic in Fall River, Mass.

The doctor examined his patient and Maria couldn't restrain herself. "Don't you think the lump is shrinking?" she asked the doctor.

The physician said the type of tumor Joe had only grows bigger and never shrinks. Joe's wife insisted that it was her opinion that the tumor was smaller.

The doctor wasn't convinced and set into motion all of the details for the surgery to take place in four days.

A couple of days later, the phone rang at the Rocha home in Portsmouth, R.I. It was the doctor and he asked that the Rochas meet with him in his **office** the day before

the scheduled surgery.

"We were amazed," Mrs. Rocha said.

According to Maria, "He (the doctor) told us that my words kept ringing in his ears and that a closer examination revealed the tumor had shrunk, something he had not seen before."

The family went to a restaurant to celebrate and while they were driving home Mrs. Rocha said she broke down and cried, overcome by the joy that her husband of many years had been spared.

Joe faithfully took his herbs and shark cartilage and the prayers of the Rocha family were answered.

The Rocha **story** hit home for Tricia Feijo.

She watched as her own mother had a similar growth years ago.

Tricia's mother opted to go the route prescribed by her physician and underwent surgery, radiation then chemotherapy.

Initially, immediately after the diagnosis, she started on some herbs that Tricia recommended. The tumor stopped growing but the doctor insisted that Tricia's mom was wasting time and talked her into undergoing surgery.

"I'll never forget it." Tricia said. "My mother told me that when the doctor came in to her room **after** the operation, he sort of smiled and said the tumor he removed was shriveled and he never saw anything like it."

Tricia believes it was the herbs that had stopped the growth of the tumor.

She still wishes the doctor had not talked her mom into accepting surgery.

Tricia says she also wishes 7 Herb Formula was available at the time her mother was diagnosed with cancer.

After a lengthy, painful ordeal of radiation ~ to kill "stray cancer cells" ~ and chemotherapy after the cancer returned, Tricia's mom ended up on oxygen.

Tricia recalls how herbs, such as fenugreek, eased her mom's suffering and allowed her mother to breathe on her own and to live her **final** days without being attached to an oxygen machine.

Tricia convinced the Rochas that Joe's best hope was to take natural remedies rather than go under the knife.

The Rochas are ecstatic that they listened to Jim and Trish Feijo and avoided surgery.

The growth is gone and the Rochas spent part of February and March in Florida, soaking up the sun and getting together with old friends.

Joe and Maria continue to take Daniel Chapter One products and both credit the Feijos with saving their lives through natural remedies.

The Rochas told their story during the Daniel Chapter One **HealthWatch** Save the Nation tour in Florida.

7 Herb eliminates pre-cancerous growth

Kathy Carlton tells her story of how 7 Herb Formula helped her.

I'm 42 and I lived in Florida most of my life...So, I've lived in the sun all my life. I had a precancerous "wart" on the back of my leg and drinking 7 Herb Formula made it go away.

I get these precancerous things; the doctor checks me every several months. He says they are precancerous.

I had one on my hand once that was turning into a melanoma. The doctor burned it off. He usually burns them off. When they're small, he waits until they get bigger, then he burns them off.

He gave me a cream when they were small but that irritated my skin.

Anyway, I had one on the back of my leg that was getting big but the 7 Herb Formula made it go away. Maybe it took four or five weeks, but it just fell off: it got looser and looser and then it just fell off. I have the scar to prove it.

I was taking the 7 Herb Formula and at **first** noticed no difference. But I took it about twice a day for five weeks. After five weeks I noticed better energy levels. I started taking it in August (1997) ~ so in the past four months I've gone through four bottles ~ because back in June I started getting stomach pains. In the morning I was waking up with bad pains. In June I went to the doctor because I was afraid I was having a heart attack or something. **I was** given an appointment for September to be tested. The doctor thought it was my esophagus ~ a lot of acid and heartburn. So I went to the G.I. specialist in September and had an upper G.I., but by then the pain had gone away. The 7 **Herb** Formula had cured it! It got

rid of the acid problem but I keep taking it (7 Herb Formula).

I would take a shot glass full in the mornings ~ usually straight ~ and then drink a lot of water afterward. Then I would take a shot before bed. Now I only take it once a day or, some days, not at all. If I feel I'm getting a cold or something, I take extra. I haven't gotten sick once since I've taken it ~ not the flu or anything. And usually I would have (become sick) by now.

And I used to feel tired around 2 (p.m.) but not anymore. The 7 **Herb** really gives me energy and it keeps me from getting hungry. I do use Lean Body sometimes instead of skipping meals but I do not do Lean Body all the time. The 7 **Herb** helps me maintain my weight. I don't lose but I don't gain. At first I lost 10 pounds. Maybe because I have more energy, I do more. I used to get low blood sugar a lot and now I'm okay. And I don't have high blood pressure anymore (I also take dandelion root for a diuretic).

I think 7 Herb Formula balances out the immune system. My sister has lupus ~ I wish she would try it out ~ I want to send her a bottle to Virginia.

Mentally, I even feel better. I recently ran out before leaving for Las Vegas. We were there for seven days and I felt so tired without the 7 Herb. It makes a big difference.

And the most amazing thing was when I had the upper G.I. in September, and the x-ray showed nothing there. Before, I had bad pain constantly ~ by then, nothing.

It's so amazing. It would ease the pain ~ right away -in a few minutes. Before that, I tried Tagamet and it would do nothing. It actually made my stomach hurt worse. Really, it's amazing!

7 Herb Formula

This ancient herbal remedy was passed down by the Ojibway Indians in Canada to Renee Caisse and later to Dr. Charles Brusch, President John F. Kennedy's personal physician. Dr. Brusch used the improved formula to heal his own bowel cancer. Daniel Chapter One took the formula two steps further ~ greatly enhancing its healing qualities by adding Siberian Ginseng and Cat's Claw.

What is in it?

Burdock Root, Sheep Sorrel, Siberian Ginseng, Cat's Claw, Slippery Elm, Watercress and Turkey Rhubarb. These herbs are all prepared individually and at precise temperatures to ensure maximum effectiveness. Daniel Chapter One uses substantially more herbs per quart, rendering it the most powerful concentrate of its kind.

How does it work?

Daniel Chapter One's 7 Herb Formula has been created to purify the blood and to promote cell repair. It fights pathogenic bacteria and tumor formation. The ingredients in this ready-to-drink concentrate clear skin, cleanse the liver and decrease cell mutation.

7 Herb Formula ~ recipe for health

*“Radiation therapy and chemotherapy are carried out with more or less poisonous substances, and in the long run do more damage to the host organism than they accomplish against the cancer. The disease outlasts the treatment’s effective period. The basic error which always occurs in these forms of treatment is that their effect on the cancer cells alone is considered, disregarding the relation between the cancer and the body’s own defenses ~ and it is precisely this balance which is decisive. However, orthodox medicine does not offer such a basic concept...The highly toxic chemotherapy, **often** defended by orthodox medicine with such biting aggressiveness, is in fact no more suited as a cancer therapy than a zeppelin would be to cope with a massive transatlantic **airlift**. Only a few may reach the other shore, and at enormous cost.”*

Dr. Hans Nieper, “Dr. Nieper’s Revolution in Technology, Medicine, and Society” May 1985

*“No type of cancer is to be taken lightly. If it is not treated properly and completely removed, it will continue to spread and eventually prove fatal. The first step is to cleanse the bloodstream by thoroughly relieving constipation and making all the organs of elimination **active**...I have been asked many times what my cure for cancer is. Here it is in a nutshell: correct food, herbs, water, fresh air, massage, sunshine, exercise, rest. **If cancer** is suspected, clean out the **system**, and get a new supply of pure blood. There are nonpoisonous herbs that will **purify** the blood and kill malignant growths internally or externally, leaving no bad after-effects. Cancer will not live in a system when the bloodstream is pure.”*

Jethro Kloss, “Back to Eden”

Herbs are meticulously prepared to enhance healing qualities

The herbs in 7 Herb Formula allow the body to heal by nourishing and cleansing the blood and organs. Below is a list of these herbs, which have been scrupulously and separately prepared, then combined, forming a tea concentrate, and poured, boiling, into quart-size amber glass bottles to ensure freshness and potency. These herbs are:

1. BURDOCK ROOT, used in Ayurvedic and Chinese medicine to treat cancer. It is a potent blood purifier, and is known to decrease cell mutation and inhibit tumors. It restores liver and gallbladder function. Burdock contains the nutrients zinc, iron, manganese, selenium, and vitamins A, **B1**, B6, B12 and E.

2. **SHEEP SORREL**, also rich in vitamins and trace elements, high in life-giving properties. It nourishes the glandular system, and is known to relieve internal ulcers. Sheep Sorrel is a traditional folk remedy for cancer.

3. **SIBERIAN GINSENG**, an herbal “tonic” which has restorative power due to its glycoside content. **Glycosides** are natural phytochemicals that initiate the body’s stress response: so while this ingredient tones the body it also supports the immune system. Siberian Ginseng also produces saponins, steroids found in plants, which have tumor inhibiting effects.

4. **CAT’S CLAW**, an herb from the Peruvian rain forest. The inner bark, which is what is in 7 Herb Formula, is one of the most powerful cleansers of the intestinal tract. It also is anti-oxidant and anti-inflammatory in action. Cat’s Claw stimulates the immune system, enhancing white blood cells which fight infection. Cat’s Claw is used by native Peruvians to treat many diseases, including cancer.

5. **SLIPPERY ELM**, according to herbalist Jethro Kloss, should be used in all stomach troubles because of its ability to heal, strengthen, and nourish the stomach. He states that it can stay in an ulcerated or even cancerous stomach when nothing else will. It nourishes the organs and tissues due to its nutrient content: **bioflavonoids**, calcium, phosphorous, polysaccharides, and vitamins A, B, C, and K.

6. **WATERCRESS**, the same plant used for salad greens and garnishes, is an excellent cleanser in the body, and it can heal mucus membranes.

7. **TURKEY RHUBARB ROOT** purges the body of wastes and toxic matter. The **malic** acid inherent in this herb carries oxygen to all parts of the body. A substance called rhein in the herb fights both bacteria and fungus. Studies done in the 1980s show Turkey Rhubarb also has anti-tumor properties.

Tracey was given no hope but now look at her *Doctor angry that patient questioned her treatment*

The doctors had pretty much given up on Tracey. She had leukemia and tumors on the brain, behind the heart and on her liver.

The allopathic methods of dealing with the advanced cancer would be more chemotherapy. She had gone the chemo and radiation route just months before and knew her weakened body could not endure another round of chemo.

The doctor tried to pressure Tracey into taking chemo and she refused, angering the doctor. Her rejection of his chemo protocol led to a heated argument in his office and Tracey decided to take control of her own recovery.

A woman that Tracey had befriended while in the hospital accepted the chemo treatment and the unfortunate result was that her friend died.

This is Tracey's story in her own words as told in 1997:

"I had contracted leukemia and had three inoperable tumors. When I decided not to do chemotherapy or radiation, my father sent me Bio*Mixx and 7

Herb Formula. Each day as I took it and got it into my system more and more, the better I felt. Then I added Garlic, Siberian Ginseng and Shark Cartilage.

"I am now in complete remission. The cancer cell count has dropped, the doctors tell me. I had a tumor just above the brain stem in my brain that has completely disappeared. The tumor on my liver is shrinking and the tumor behind my heart has shrunk over 50%. My weight, which dropped to 103 pounds, is on an uphill. There are other alternatives besides chemo and radiation!"

Tracey's father recently called the radio show. He said Tracey had a problem. Tricia Feijo said her heart skipped a beat when she heard Tracey's father. That concern soon evaporated.

"Yeah, Tracey can't keep her feet on the ground these days," he said, then revealed that the young woman's new doctor had declared her free of cancer.

Below you will find the reports of Tracey's progress and what she did as an alternative to the chemotherapy.

The Medical Report Cancer Count:

July 8,	700
July 15,	1100 +
Aug. 11	1040
Aug. 20	950
Sept. 2	790
Sept. 20	642 ~ free of leukemia.

June 1998 Free of all cancer

Tumors

	<u>On brain</u>	<u>Behind heart</u>	<u>On liver</u>
July	Significant tumor	Size of quarter	5x7 cm
Sept.	Smaller lump	Size of dime	2x2 cm
Oct.	Gone	50% smaller	smaller
June 1998	Gone	Gone	Gone

Weight and Energy

July 8	103 lbs, no energy, feels bad, starts on natural products
Sept. 2	118 lbs, more energy, rode a bike
Sept. 20	121 lbs, rides bike, swims
Sept. 26	Also taking GDU 2000 ~ "feels terrific."
June 1998	125 pounds and continue to be free of cancer

Enzymes attack growths

Daniel Chapter One's GDU 4000 contains proteolytic enzymes that metabolize protein and can aid the body in breaking down a tumor

The importance of oral enzymes in treating cancers has been the subject of scholarly papers and books for almost a century.

At the turn of this century, Dr. John Beard of Scotland discovered that cancer cells behave much like trophoblast cells, the placenta cells. He set out to determine why the placenta stopped invading the uterus, during pregnancy, and ceased growing at the end of the third month. Dr. Beard's study was conducted to find out if there was a way to stop the growth of cancer.

The Scottish researcher discovered that the very day the placenta stops growing and invading the uterus is the same day the fetus's pancreas starts producing its secretions. Enzymes, according to researchers, can change leukemia cells, returning those cells to a normal state. En-

zymes have been shown to induce T cells and tumor necrosis factor.

The enzymes, while helping to destroy cancer cells, are not toxic, unlike other forms of treatment currently being imposed on cancer patients. Enzymes are most effective when they are included in a program of a healthy diet, nutrients and detoxification procedures.

God has provided numerous forms of enzymes. There are plant-derived enzymes and enzymes from animal glandulars.

Enzymes offer a non-toxic and inexpensive natural therapy in the battle against cancer.

Daniel Chapter One's GDU 4000 contains proteolytic enzymes that God created to break up an excess protein mass and can aid the body in eliminating a tumor.

Texas businessman has true friends for life

Florida family shares its discovery of Daniel Chapter One success

What are friends for?

The answer to that question is personified in the Dellinger family of Milton, Fla. Drew, 37, and his parents, Dean and Dorothy, have been using Daniel Chapter One products for about a year and are enthusiastic about the results. The Dellingers heard Jim and Tricia's Daniel Chapter One **HealthWatch** radio show on **WEBY** in Milton and ordered products that they say had remarkable results.

The Dellingers wanted to share their discovery with family friend, Dick N. of Garland, Texas, who has been suffering from emphysema, 18% capacity in one lung and 27% in another, and bladder cancer.

They employed the persuasive powers of a mutual friend, Ed Kulikowski, whose daughter **Tracey** (See related story on opposite page) is cancer-free as a result of using the Daniel Chapter One products.

Mr. Kulikowski contacted the Texas oil company executive and said that the Dellingers were willing to provide him with Daniel Chapter One products for his breathing problems and problems associated with his cancer.

Drew Dellinger said the family friend received the package of products and hesitated to use them.

The package included 7 Herb Formula, AM*PM,

Herbal Blast, Shark Cartilage and Bio*Mixx.

The Texas oil executive reportedly downed six ounces of 7 Herb Formula right away and as soon as he did, Drew said, Dick N. felt as though an "electrical wave" went through his system. Drew said his friend told him that he began shaking.

Dick didn't know what was going on, Drew Dellinger said. He reportedly asked his wife, Carmen, "You reckon this stuff will kill me?"

Every 15 minutes, she would bring AMPM, **7Herb**, or Herbal Blast for Dick to drink, **Drew** reported.

What were the results for a man with partial use of his lungs and someone who had undergone several operations for cancer? He quickly began breathing better and is now off oxygen during the day but stays on it while sleeping. The excruciating pain that accompanied urination is gone.

According to Drew, the Texas businessman is back to work and telling people he never felt better.

He said that Dick told him the employees think he has been drinking because he seems like his jovial, energetic self.

The Dellingers are pleased they could come to the rescue of their friend. They said they have so much faith in Daniel Chapter One that it simply seemed the right thing to do to help their **friend** in a struggle to regain his health.

Ancient cancer remedy is improved upon

Herbal formula taken to maximum potency by Daniel Chapter One

Jim and Tricia Feijo are the founders of Daniel Chapter One and co-hosts of a nationally syndicated talk show.

Jim is the founder of **biomolecular** nutrition. He holds bachelor and master degrees from Springfield College in Massachusetts. He has trained athletes ranging from Pop Warner Football to professional.

Tricia is a classical homeopath who graduated from the New England School of Homeopathy. She is also a trained writer whose column appeared in publications in New England. She has studied nutrition and whole food science for nearly two decades.

Jim Feijo is the ever-active researcher who looks to God-given nutrients to deal with health issues. Over the years, he has developed a number of high quality products.

His unique ability to develop all-natural nutritional products that could build body mass in athletes caught the attention of Chinese doctors and scientists.

Several years ago, Jim Feijo was invited to lead research at the Beijing Research Institute of Sports Science working with world-class Chinese athletes. He directed the athletes on the use of Daniel Chapter One products and monitored them through his unique computer program.

The results were so impressive it caught the attention of Russian scientists and he was invited to Moscow to conduct similar studies.

Besides helping world-class athletes, his computer program and products were found to be effective in helping people with chronic illness.

In addition to his sports nutrition line, Jim has developed a line of health supplements and natural remedies. One of the products Jim Feijo is especially proud of is his 7 Herb Formula.

The reason he is so delighted with 7 Herb is the effects he has seen on those who have used the product and the results that have been documented. The testimonials keep on coming in to Daniel Chapter One.

Jim improved upon the ancient Ojibway Indian

Tribe remedy known as Essiac and used by the late Dr. Charles Brusch ~ personal physician to President John F. Kennedy ~ to enhance the healing properties. Dr Brusch said of the Essiac herbal formula: "It will greatly improve any condition afflicting the body!"

As a result of his research, Jim found that by adding Siberian Ginseng and Cat's Claw to the **Essiac** formula, he could attain remarkable healing results.

The two herbs were added to Burdock Root, Turkey Rhubarb, Slippery Elm, Sheep Sorrel and Watercress.

It was determined that in order to achieve maximum effectiveness of this formula, the individual herbs must be cooked to a precise temperature for that specific herb and thus ensure 100% maximum phytochemical potencies.

In similar products all of the herbs are cooked together, diminishing the potency and effectiveness of the herbs.

So 7 Herb was formulated to the specific requirements of Daniel Chapter One. The rigid, precise individual preparation of the ingredients was a vast improvement over the original formula. It has been called "revolutionary."

"We feel blessed that God has revealed this formula to us and that we have been able to provide those in need of help an alternative to chemotherapy and radiation," Jim Feijo said.

Daniel Chapter One **HealthWatch**, which airs coast-to-coast six days a week, continues to hear the testimony of people who are using 7 Herb Formula.

Among those who spoke of dramatic results using 7 Herb Formula ~ during the live talk show ~ are Joe and Maria **Rocha** and Jim Givens. Their stories are contained in this newsletter.

Jim Feijo concluded: "There was a time in the not-so-distant past that we were voices in the wilderness but today the American public is crying out for alternatives to **harmful** drugs. Our message has a vast audience today."

Nurse's cancer discovery is mankind's gain

From the Ojibway Tribe to Daniel Chapter One

Dr. Bill McLean has been working with Jim Feijo of Daniel Chapter One in order to improve an ancient North American Indian Tribe's herbal formula that has been used for decades to treat cancer patients in Canada.

Dr. McLean said that a Canadian registered nurse, Renee Caisse, first came across the Ojibway herbal tea in the 1920s. Renee Caisse, he explained, learned of a patient who took the tea and who became free of breast cancer. Renee Caisse then gave it to her aunt who recovered from what physicians said was inoperable cancer.

The nurse, Dr. McLean explained, then ran a cancer clinic in Ontario, Canada and never accepted any money for her services. At the end of her life, she turned over the original formula, for a sum of \$1, to a pharmaceutical company who took the trademark for Essiac.

Dr. McLean said that the nurse was a cautious person and while she did reveal the original formula, she retained the improved formula that was developed over years of use on cancer patients.

Dr. McLean said the late Dr. Charles Brusch, who was President John F. Kennedy's personal physician, improved upon the Ojibway formula. Dr. Brusch reportedly used Renee Caisse's formula on himself when he had bowel cancer and reportedly freed himself of the disease.

Dr. McLean entered into an agreement with Dr. Brusch and obtained Renee Caisse's **much-improved** formula.

The old four-herb formula, Dr. McLean stated, has been improved upon to make it more **efficacious** and safe. He added two more herbs to the formula and tripled the amount of herbs used to make the product. Jim Feijo added a seventh herb to the formula, perfecting the concentrated herbal remedy.

Dr. McLean also improved the processing of the herbs to obtain the maximum therapeutic value from each herb.

Many people claim to have been cured by this product.

Dr. McLean said: "It is illegal for a manufacturer to make claims that an herb can cure and if

we did we would be shut down. So in effect, there is a gag order on us. We must rely on word of mouth. The FDA is very aggressive about this."

In a survey of the public's health trends, it was revealed that 30% of the people in the U.S. seek alternative care and that one in six people use only alternative forms of health care.

Dr. McLean said that pharmaceutical companies are buying health food chains and running them in order to capture that huge portion of the health market.

Dr. McLean said some countries are giving in to the powerful weight of the pharmaceutical companies and laws are being enacted to restrict the public's right to alternative health care.

He cited Germany, Holland, Sweden, Switzerland, Canada and England as nations where the pharmaceutical companies have made it **difficult** to promote alternative methods of health care.

Dr. McLean thinks it is just a matter of time before the United States will follow suit unless the public outcry is so loud the politicians will be persuaded to avoid such actions.

It was Jim Feijo of Daniel Chapter One who came up with the 7 Herb Formula that included Siberian Ginseng, an adaptogen that is a tonic shown to help the body adapt to stress both internal and external.

Two compounds in Siberian Ginseng, **Rb1** and **Rb2**, have demonstrated an ability to inhibit the growth of human ovarian cancer cells in mice. The compounds have demonstrated a wide variety of other benefits.

By using Dr. McLean's precise preparation procedures and adding Siberian Ginseng to the improved formula of Renee Caisse and Dr. Brusch, Daniel Chapter One's 7 Herb Formula is in a class by itself, Jim Feijo said.

The Daniel Chapter One founder stated: "We can't, by law, make any claims, We allow those who are now living normal lives to give their testimony as to how well 7 Herb Formula works. These are truly wonderful and inspiring stories. The truth is out there, living and breathing."

The power of advanced biomolecular nutrition

Bio-molecular nutrition was **first** established in 1986 by Daniel Chapter One and has expanded and improved since then. In 1991, the results and accomplishments of Daniel Chapter One reached China and Jim Feijo, founder of Daniel Chapter One and World Sports Nutrition, was invited by the Chinese government to conduct studies at the Beijing Research Institute of Sports Science. Jim led Chinese researchers in two studies involving world-class Chinese athletes, judo and weight lifting. After the conclusion of these studies, Dr. Li invited Jim to lecture to the institute's scientists.

At that time, Jim Feijo was invited to conduct studies and lecture at the Sports Research Center in Moscow. The science of Bio-Molecular nutrition is available to you through the research done by Daniel Chapter One and World Sports Nutrition.

How does Bio*Mixx work?

Boosts the immune system, cleanses the blood and feeds the endocrine system

Bio*Mixx is a combination of numerous herbs, vitamins, minerals, enzymes, amino acids and essential bio-molecular nutrients. The purpose of this formula is to provide many natural immune-boosting properties in one tasty product. These include IGF-One, a natural gamma globulin complex essential for overall immunity with natural anti-fungal, antibacterial and anti-viral properties. Bio*Mixx is a foundational nutritional product.

Some other important herbs in **Bio*Mixx** include: Goldenseal, an antibacterial, Echinacea, an anti-viral, and Ginseng, an adaptogen that brings all body properties in to balance for overall wellness. Bio*Mixx boosts the immune system, cleanses the blood and feeds the endocrine system to allow for natural healing. It is used to assist the body in fighting cancer and in healing the destructive effects of radiation and chemotherapy treatments.

Shark Cartilage

In 1983, two researchers at the Massachusetts Institute of Technology published a study showing that shark cartilage contains a substance that significantly inhibits the development of blood vessels that nourish solid tumors, thereby limiting tumor growth. This effect is called **anti-angiogenesis**.

Scientists recognize the benefits of starving a tumor to limit its growth. They have been looking for a drug to patent that can do the same thing as shark cartilage. They say the answer to curing cancer lies in preventing **angiogenesis** ~ the formation of blood vessels which feed the tumor. These scientists are trying to replicate what God has already presented to us so that they can claim rights to it, patent it and make a lot of money. But man can never lab synthesize a product and make it exactly the same ~ and all drugs have harmful side effects.

Researchers have also demonstrated that shark cartilage can reduce the inflammation and pain associated with arthritis, alleviate psoriasis and have a positive effect on other degenerative diseases.

Scientific Review reports garlic is a natural antibiotic with proven anti-cancer properties

An article in Scientific Review stated that garlic appears to have the strongest anti-cancer effect when consumed regularly before the onset of cancer or when cancer cell numbers are small. The article stated that garlic is a natural antibiotic, useful against infection, and may also lower blood pressure. Garlic detoxifies the body, helping to combat disease and is proven to have anti-cancer properties. It is said to destroy cancer cells and inhibit the initiation and promotion stages of cancer.

Daniel Chapter One Garlic Pur is a specially cultivated Japanese product which has been concentrated to yield high amounts of the compounds which may be responsible for many of garlic's renowned effects. Beneficial compounds found in Garlic Pur are also preserved through an 18 month aging process. Daniel Chapter One Garlic Pur has the added benefits of Hawthorn Berry and Cayenne, herbs found helpful for heart and circulatory health.

Siberian Ginseng: From Asia With Love

Siberian Ginseng, a spiny-stemmed shrub with numerous stalks, is indigenous to southeastern Russia and northeast China. Russian researchers described Siberian Ginseng as an adaptogen and non-specific immunostimulant. An adaptogen is defined as having the following qualities:

A. A substance that causes minimal disorders in the physiological functions of an organ.

B. Non-specific action such as the abil-

ity of Siberian Ginseng extracts to modulate stress and improve performance during a wide variety of stressful situations.

C. Has a normalizing action irrespective of the direction of the pathologic state.

Traditional Chinese medicine uses ginseng for improving vital energy, treating the kidney and spleen, and restoring a normalization of the body functions.

It has been used as a folk remedy for bronchitis, heart ailments and rheumatism.

Siberian Ginseng

1. **ENHANCES** immune function.
2. **STIMULATES** the appetite.
3. **NORMALIZES** blood pressure.
4. **HELPS** hormonal balance.
5. **IMPROVES** alertness.
6. **REDUCES** cholesterol.
7. **BENEFITS** general health.
8. **HELPS** under stress.
9. **PREVENTS** metastasis.
10. **INCREASES** stamina.

Indigenous to southeastern Russia and northeast China.

Siberian Ginseng is added to Daniel Chapter One's 7 Herb Formula for its anti-metastasizing properties.

DANIEL CHAPTER ONE

HealthWatch

Jim Feijo, the founder of Biomolecular Nutrition, and Tricia Feijo, a classical homeopath, have received national and international recognition for their powerful voices in support of all-natural, God-given nutrients. They are hosts of Daniel Chapter One Health Watch, a national radio talk show.

HOW TO FIGHT
CANCER IS
YOUR CHOICE !!!

There are natural, safe and sane alternatives to chemo, radiation and surgery. Daniel Chapter One provides God-given natural methods to healing.

DANIEL CHAPTER ONE
BioMolecular Nutrition Center
P.O. Box 223
Portsmouth, RI 0287 1-0223
